

Fixator 500 Hoist [500kg]

The Fixator 500 Hoist is a wire rope hoist with a load capacity of 500kg, this powerful and sturdy hoist is perfect for use in warehouses, building sites, shafts, facade work, manufacturing plants and anywhere that needs strong lifting power.

As well as being equipped with a rugged aluminium casing to protect the hoist and make it less vulnerable to impacts and damage. The Fixator 500 features two IP65-rated limit switch stops which prevent the cable from being unintentionally removed.

The Fixator is easy to handle with it's own carry handle and comes with the added bonus of almost doubling the load capacity to a staggering 990kg using the optional reeving kit.

As standard the Fixator 500 is controlled using the standard IP65-rated wireless radio remote, or using the optional 2.5m long pendant remote control (extensions up to 60m are available).

Key Features

- 500kg capacity (990kg with reeving kit **Code:LAH127A**)
- Protected by a rugged aluminium casing
- IP65-rated limit switch stops
- Weight: 32kg
- Dimensions: 255mm(l) x 240mm(w) x 809mm(h)
- Standard IP65-rated radio remote control
- Optional 2.5m long pendant remote control

Reference Code

LAH127

Technical Specifications

Safe working load	500kg (990kg with reeving kit)
Weight of lifter	32kg
Operating speed	50Hz = 7m/min, 60Hz = 8m/min
Voltage	single phase 110V - 16a - 50/60Hz
Dimensions	255mm(l) x 240mm(w) x 809mm(h)
Ø and type of wire-rope	6.5 to 6.8 - 6x19 mixed-core galvanised

Radio Remote Control comes as standard

Optional Pendant Remote Control
Code: LAH128
