

GGR Launch Tables [700-1000kg]

GGR's custom designed and made Launch Tables are a practical aid for glass and cladding installation.

Panels can be transported to an opening or window, ready to be attached to a lifting device such as a UNIC mini crane and moved from a horizontal to vertical position for installation on a building's external façade.

Key Features

- Capacity: 700-1000kg
- Easy to transport
